BAILEY RALLY AT FT. WORTH

A summary of the results of the Bailey rally at Ft. Worth yesterday is given in the following telegram received yesterday afternoon by the Eagle from Mr. J. W. Coulter, one of the delegates from Brazos county:

Ft. Worth, Texas, March 28, 1908. Morning Eagle.

Bryan, Texas. Fifteen thousand delegates. Delegates at large J. W. Bailey, M. M. Brooks, Jas. L. Storey, A. J. Baker, \$23,000.00 pledged. J. W. Coulter.

TEXAS RAILROADS.

Financial Condition of Thirty-Six of Them.

Austin, March 28.—The railroad commission has made public a comparative statement showing the financial condition of thirty-six railroads of Texas for the seven months ending Jan. 31, 1908, as compared with the same period the previous year. Freight earnings show a decrease amounting to \$2,622,303; gross earnings decreased \$4,611,096; operating expenses increased \$4,406,692; income from operation decreased \$9,017,789.

Attorney General Davidson furnished an opinion to Superintendent Day of public buildings and grounds to the effect that the postoffice could be established in state house, and expenses for fitting up same could be paid for out of contingent expenses allowed the department. The attorney general directs attention to the concurrent resolution passed by the last legislature looking to establishment of postoffice in the state house for dispatch of public business, and states that this resolution gives Superintendent Day ample authority to act in the premises. The postoffice will be established on the first floor of the building.

Chairman Mayfield of the railroad commission has returned from a tour of inspection of the Texas and Pacific railway. In answer to a question he said he knew nothing about the rumored receivership of the Texas and Pacific except what he saw in the newspapers and he refused to discuss the matter. As to result of his inspection of the road he said he would file a report with the commission as soon as it was prepared and did not care to discuss what recommendations are in contemplation.

As far as known in official circles, no rangers have been detailed to San Antonio to enforce the Baskin-McGregor liquor law. The governor indicated that it was not the policy of the administration to send rangers anywhere except upon request of local authorities, and no such request had been made.

To Cancel Tobacco Policies.

Mount Sterling, Ky., March 28.—An insurance agent who has authority to do so will notify the agents at once to cancel all insurance policies held by leading companies in Kentucky on tobacco risks each in the cities of Louisville, Lexington, Owensboro and Paducah. The amount to be cancelled is said to be about \$500,000.

Graney to Be Referee.

San Francisco, March 28.—Edward Graney, although he has not been the third party in the ring since he officiated at the Fitzsimmons-O'Brien bout on Dec. 20, 1905, has been selected by Abraham Attell and "Battling" Nelson to act as referee in their fifteen-round fight next Tuesday night.

Mysterious Massachusetts Murder.

Arlington, Mass., March 28.—The body of an unknown woman with her throat cut and showing many indications of murder was found in a pit in St. Paul's cemetery by two boys. The condition of the body seemed to indicate that the woman had been dead for several hours.

All to Shut Down Tuesday.

Pittsburg, Kan., March 28.—On Tuesday all coal mines in this district will be shut down by mutual consent of miners and operators and remain closed for sixty days. The contract between miners and operators expires Tuesday, and until negotiations are completed for a new contract the mines will remain closed.

Part of Dam Gone.

Kalamazoo, Mich., March 28.—As the result of a heavy storm which raged over this section part of the dam of the Commonwealth Power company, one and a half miles below Plainwell, on the Kalamazoo river, went out, inflicting heavy damage. The dam cost \$250,000.

Italian's Body Found.

Cleveland, O., March 28.—The body of an Italian, supposed to be Salvatore Guelli, who came here from West Virginia three weeks ago, was found in an alley. The man had evidently been murdered. He had not been robbed.

Drowned in Bayou.

Pensacola, Fla., March 28.—Arthur Lathrup, a young man of Elgin, Ill., was accidentally drowned in Bayou, Texas. Lathrup attempted to ride a horse into the bayou, when he was thrown and fell into the undertow and was carried out to deep water and drowned. Fully a dozen people witnessed the accident, but could not help the drowning man.

FOSTER'S WEATHER BULLETIN

(Copyrighted 1908, by W. T. Foster.)

Washington, D. C., March 28.—Last bulletin gave forecasts of disturbance to cross continent 25 to 29, warm wave 24 to 28, cool wave 27 to 31. Next disturbance will reach Pacific coast about 28, cross Pacific slope close of 29, great central valleys 30 to April 1, eastern states 2. Warm wave will cross Pacific slope about 28, great central valleys 30, eastern states April 1. Cool wave will cross Pacific slope about 31, great central valleys April 2, eastern states 4.

This disturbance will bring severe weather. Low temperatures will precede and follow it and a wave of high temperatures will accompany the disturbance. The general trend of temperatures will be upward after 28, more than the season would indicate and precipitation will be moderate.

First disturbance of April will reach Pacific coast about 2, cross Pacific slope by close of 3, great central valleys 4 to 6, eastern states 7. Warm wave will cross Pacific slope about 2, great central valleys 4, eastern states 6. Cool wave will cross Pacific slope about 5, great central valleys 7, eastern states 9.

This disturbance will be remarkable and important because of its high temperatures and small amount of rain. The storms will be of a mild type, most severe on east side of continent and weather will be comparatively cooler in southern than in northern states.

Indications are that April temperatures will average unusually high on most parts of the continent, particularly south of parallel 40. Rainfall will be deficient except in the Ohio valley and western Canada.

Except in the Ohio valleys farmers should plant and sow for dry weather in April. West of meridian 90 and south of 45 corn should be planted for a dry season but in the Ohio valleys it should be planted for wet weather. East of meridian 90 where the ground is listed corn should be planted on the ridges and west of that line in the furrow. Oats should be drilled shallow east of meridian 90 and deep west of that line.

Rainfall will also be short in Maryland, Virginia, in the vicinity of Washington and in the New England States; farming should be carried on in accord with these indications. Crop conditions will largely vary on the continent. A serious drought will prevail in some other parts. Corn and oats will be short.

MIRACULOUS ESCAPE.

Bed Destroyed by Dynamite, but Occupant Uninjured.

Telluride, Colo., March 28.—Former Adjutant General Bulkely Wells narrowly escaped death or serious injury at his home here early Saturday from a well planned effort to assassinate him with dynamite.

Despite the precautions against such attempt, such as patrols and arc lights about the house, a stick of dynamite prepared in a bomb was placed under or near General Wells' bed. General Wells was sleeping, as is his habit, on the outer porch of his house, and he was hurled with debris many feet from the wrecked house.

The side of the house was torn completely out, hardly a stick of the bed remained, and fragments of the wood were scattered over the neighborhood. Though badly shaken up and bruised to some extent, General Wells is said to have escaped without injury.

General Wells took a leading part in the suppression of the labor troubles in this state in 1904-05, and was prominently identified with the prosecution of the officers of the Western Federation of Miners at Boise on the charge of complicity in the assassination of former Governor Frank Steunberger.

He had been active also in securing the extradition from Idaho of Steve Adams to be tried here on the charge of murder in connection with the miners' strike of 1904.

SNYDER'S CLOSE CALL.

Bear Nearly Takes His Life and Snake All but Squeezed Him.

New York, March 28.—Two narrow escapes were one day's record for Head Keeper Snyder of the Bronx Zoo. When trying to get Jax, a big bear, out of his pen, the animal burst the net the keeper and assistant had thrown over his head and with a sweep of his paw hurled both men into a tank. They were rescued promptly. Later in the view of 200 women and children while feeding the big boa constrictor at the zoo the snake writhed so furiously that several men lost their hold on the slippery body and the creature whipped its tail around Snyder. The snake gradually tightened its grip on the man despite the efforts of fifteen men to loosen it. Finally the use of a club and spike instrument induced the snake to loosen his coil. Snyder, while in the face of one of the worst times in his life, walked away. He was uninjured.

Over Hundred Laid Off.

New Haven, Conn., March 28.—By the laying off of 105 men at the Spring street shops of the New York, New Haven and Hartford railroad the working force was reduced to about twenty-five as against nearly 800 when the shops are running full handed.

"KNIGHTS OF IRON RAIL."

Washington, D. C., March 26.—Representatives of the Brotherhood of Locomotive Firemen and Enginemen, of which President Roosevelt is member are assembling in the capitol for an important conference, which will open tomorrow and continue ever Monday. The convention will be addressed by John J. Hannahan, the bureau master of the organization; F. P. Sargent, commissioner general of immigration; T. V. Powderly, of the bureau of immigration and naturalization; Charles P. Neill, commissioner of labor, and Samuel Gompers, president of the American Federation of Labor.

According to a widely circulated report, the convention will mark an epoch in the entry of the American Federation of Labor into the forthcoming presidential campaign. Recent adverse decisions from the courts and the failure of Congress to pass remedial legislation have, it is said, led President Gompers and other national leaders of organized labor to the determination that active participation in politics is the only course left for them to pursue.

While the railroad men are not officially affiliated with the American Federation of Labor, labor men say the firemen and enginemen will affiliate politically with the federation. That is, the two organizations will unite to combat the enemies of organized labor.

LITTLE HOPE FOR GILLETTE

Albany, N. Y., March 23.—There appears to be but a short span of life remaining for young Chester Gillette, the young man who, in the theory of the prosecution and the opinion of the court of appeals, beat his pretty young sweetheart upon the head and face with his tennis racket, tumbled her unconscious body into the lake and fled through the woods to keep his appointment with another girl. The victim of the dark tragedy was Miss Grace, or "Billy," Brown, whose pathetic letters read at the trial aroused a feeling of sympathy and indignation throughout the country. Unless Governor Hughes extends clemency, and there appears to be slight probability that he will interfere, the young murderer will pay the penalty for his crime in the electric chair in Auburn prison early in the coming week.

KURTEN EDUCATIONAL RALLY.

Prof. D. J. McDonald of Kurten handed to the Eagle yesterday the following program for the educational rally at that place next Friday, April 3.

Welcome Address, 10 a. m.
Addresses—Educational Amendment to the Constitution—Prof. T. W. Parker, county superintendent; Prof. R. O. Allen of Allen Academy.
Address—Agriculture—Prof. W. C. Wellborn of the A. and M. College.

In addition to the five Reports of Condition that are published and the two Personal Examinations made by Special Officers each year,

The City National Bank

Believes firmly that All National Banks should be required to Publish their list of Stockholders for the guidance and advice of Depositors.

A national Bank with a responsible list of Shareholders—all home people—all well known—all identified with the best interests of the Town and County in which the Bank is located should naturally receive preference over a National Bank with shareholders scattered all over the State, many of them with no interest in the town or county, save to draw their dividends and take the money from your midst.

Our list of Shareholders have been published from time to time and every Dollar of our Earnings has been kept at Home and today is being loaned to our Farmers and Merchants.

We would be glad of an opportunity to do business with you, come talk it over with us.

BY CARNES & WALLACE

ANNOUNCEMENTS.

The Eagle is authorized to announce the following candidates for the offices indicated subject to the Democratic Primaries:

For Congress Sixth District:

RUFUS HARDY (Re-election).

BRYAN, TEXAS, MARCH 29, 1908.

A man can make a living now on forty acres of Texas land with less effort than he could fifty years ago on six hundred and forty.

A correspondent of the Farm and Ranch gives the following receipt for getting rich: "I want to advise all poor young men who wish to get rich to marry. When I married 21 years ago, I had no property except an empty whiskey bottle; now I am worth six million dollars. My wealth consists of the following, to wit: One wife and five children.

One peculiarity of the state government of Oklahoma is that the members of the State Board of Agriculture are elected by the farmers, acting through Farmers' Institutes chartered by the State. The Institutes in each county send accredited delegates to a convention at the time and place specified in the law, and the convention elects the members of the Board. The State pays a per diem of \$3 to each delegate and all expenses.

Some men are poor because of worthlessness. Such poverty is contemptible. Some are poor because of bad judgment and mismanagement. Such poverty is respectable. A few are poor because of misfortune. Such poverty is pitiable. A very small number are poor because they do not care for wealth. Of this class was the great Agassiz, who when a friend suggested a plan by which he could make millions smiled and said he had no time to waste in making money.

The women have invented a new weapon, never before used in a political campaign. While an anti-prohibitionist was arguing against local option at Aurora, Ind., Thursday night before 4000 people, a band of women who believe in telepathy sat in the audience and sent out thought waves in opposition to the speaker. What the effect of the effort was we are not advised. Some think it improper for women to lobby in legislative halls, speak in public meetings and march in political parades; but surely no one will deny her right to influence the minds of voters and confuse opposition speakers through the mysterious channels of thought waves.

NEW MILLIERY.

For Monday we will have over one hundred choice new hats. The new large Merry Widow and Sailors elaborately trimmed with flowers and foliage. Specially priced at \$4.50, \$6.50 and \$7.50. Eugene Edge. 97

HAMPTON SPOKE HERE.

Farmers' Union Independent Scout is in the County to Make a Series of Addresses.

Mr. Mr. Sam J. Hampton of Ft. Worth, Farmers' Union Independent Scout, delivered a public address at the court house yesterday afternoon before a good sized crowd composed principally of farmers and members of the union. Mr. Hampton spoke on the objects and purposes of the Union and on diversification and co-operation. He is a ready speaker and understands how to present his arguments incisively. He holds the close attention of his hearers and will be heard with interest throughout the county. His other speaking dates have been previously announced as follows:

Monday, March 30, 2 p. m., Parker School House.

Monday March 30, 8 p. m., Leonard School House.

Tuesday, March 31, 3 p. m., Rock Prairie.

Tuesday, March 31, 8 p. m., Bethel Academy.

Wednesday, April 1, 10 p. m., Steep Hollow.

Wednesday, April 1, 8 p. m., Reliance.

Thursday, April 2, 2 p. m., Cottonwood.

Thursday, April 2, 8 p. m., Alexander.

Friday, April 3, 1 p. m., Edge.

Saturday, April 4, Kurten.

BUSINESS CHANGE.

Messrs. C. E. Boyett and Rudolph Myers Have Purchased Insurance Agency of Mr. J. F. Mitchell.

Effective yesterday, Messrs. C. E. Boyett and Rudolph Myers have purchased the insurance agency of Mr. J. F. Mitchell and taken charge of the same. Agents of the companies they represent were here yesterday making the transfers, and all other details were closed up. This agency is one of the oldest in the city and has a strong line of companies. Mr. Myers, one of the new members of the firm, has been for a long time in the employ of Mr. Mitchell, and is thoroughly familiar with all the details of the business. Mr. Boyett is also a competent young business man and has for several years been a deputy in the office of the county clerk. The young men invite a liberal share of the public patronage, and the Eagle bespeaks for them the favorable consideration of friends and the public.

SEVENTY-FIVE YEARS OLD.

Uncle Mark Wilcox was in the city yesterday, and the Eagle learned the day marked his seventy-fifth anniversary. It is needless to say he has apparently not aged any for years and is as energetic and industrious as ever. He has three children living and sixteen grandchildren. His usual birthday dinner was omitted yesterday for the reason that some of his grandchildren have whooping cough and were not in condition for the usual big romp on "Grandpa's Day."

CORNER STONE LAID.

Impressive Ceremonies Yesterday at the A. and M. College—Goodwin Hall Splendid New Dormitory.

An event of statewide interest was the laying of the corner stone of the new dormitory, "Goodwin Hall," at the A. and M. College yesterday morning. The ceremonies, which began with the laying of the corner stone at the new building, and concluded with the addresses at Assembly Hall. The procession moved from the main building to Goodwin Hall in the following order: College band; Corps of Cadets; Masonic Fraternity; President and faculty of the College; Spectators. The band supplied an excellent musical program with the numbers interluding other features.

The Masonic ceremonies were conducted by Brazos Union Lodge No. 120, A. F. and A. M., members of the order of both Bryan and College participating. Mr. W. S. Saunders, of the local lodge, as Acting Grand Master, Gen. H. B. Stoddard as Deputy Grand Master, W. F. Gibbs, Worshipful Master of the local lodge, as Grand Senior Warden; Dr. Paul M. Raysor, Grand Junior Warden, and Ralph B. Dunn as Grand Treasurer.

Among those in attendance from other points were Col. G. I. Goodwin, the guest of honor for whom the new hall was named; Judge Leggett, President of the board of directors; Judge Jno. M. Green, Major L. L. McInnis and Judge Haldussek, members of the board of directors; Dr. Brooks, president of the Baylor University and orator of the day; Dr. H. C. Pritchett, president of Sam Houston Normal Institute; Dr. Thos. Harrington of Waco, brother of President Harrington; Mr. Jas. Cravens of Houston and Mr. H. L. Wright of Palestine, prominent members of the Alumni.

Among the articles placed in the corner stone were an ear of corn, a bottle of cottonseed, copies of newspapers, Bulletin of experiment station, A. and M. Catalogue, Board Report, Official Program of the corner stone laying, copy of Long Horn and samples of students mechanical work.

At the conclusion of the Masonic work the procession moved to the Assembly hall and Dr. Harrington, president of the College, delivered the address of welcome and reviewed the progress of the institution and the work of the last legislature in its behalf. Dr. Harrington then introduced Judge Jno. M. Green, who spoke in behalf of the board of directors, defining the sphere of the work and influence of the A. and M. and paying tribute to the trained graduates which it is turning out year by year. The principal orator of the day and the last speaker, Dr. Brooks, was introduced by Dr. Harrington, who paid a tribute to him as an educator and to the splendid institution of which he is the head. Dr. Brooks' address was on "The Conservatism of the College Man," and was a most profound discourse dealing with the principles of true democracy and political and social economy.

A brilliant dress parade on the drill ground followed the exercises, and the corps made a splendid showing, winning unreserved praise from the spectators. Members of the Masonic fraternity and others were later entertained at dinner at the mess hall.

The occasion was a notable one in the history of the College and will be long remembered by those who had the pleasure of participating. Goodwin Hall, the new dormitory, has the first story walls up, and will be the largest, most modern and up-to-date on the grounds.

When ordering corn meal specify mill meal. Handled by all grocers. 97 John Vick.

ATTACKED AT HER HOME

Bride of Few Weeks Treated in Shameful Way.

VALUABLE GEMS STOLEN.

Handkerchief Saturated With Red Fluid Placed in Her Mouth Unconsciousness Resulting, and in This Condition Found by Husband.

New Orleans, March 28.—Police and detectives are busy working on one of the latest series of outrages of a similar nature which have been perpetrated here during the last few weeks. When Otto Beigelsack returned home from work he found his bride of a few weeks stretched unconscious on the floor, a pair of \$500 diamond ear rings belonging to her missing and the house ransacked. When she regained consciousness Mrs. Beigelsack said she returned home late in the afternoon and heard someone else in the house. Upon starting out she was attacked from the rear. A handkerchief saturated with red liquid was stuffed in her mouth when she was found by the husband. The handkerchief has been turned over to the city chemist for an analysis of the liquid.

ALMOST A RIOT.

Due to Offering For Sale Widely Advertised Mining Shares.

New York, March 28.—Scenes almost approaching a riot were witnessed on the Broad street curb market Saturday. It resulted from the offering for sale for the first time of shares of a widely advertised mining property. Five minutes before the usual opening hour more than 500 brokers and messengers who were gathered in the street made a wild rush for the agents to whom the distribution of new shares has been entrusted. Ninety per cent of the brokers are said to have buying orders for this stock, and in the anxiety to execute their commissions they fought wildly to reach the men who had the stock for sale. Men and boys were knocked down and trampled in the rush and the street blocked by the struggling crowd, traffic was suspended and the shouts and sounds of the conflict brought a throng of spectators to the scene. In the meantime the general business of the outdoor market was practically at a standstill. After about an hour the excitement quieted down.

PREPARED FOR STRIKE.

Southwestern Mine Owners Have Considerable Coal on Hand.

Kansas City, March 28.—Southwestern mine owners are well prepared to stand a strike of the 35,000 coal miners of Missouri, Kansas, Arkansas, Oklahoma and Texas on April 1, according to a statement made here by Charles S. Keith, one of the leading operators in this part of the country. He expressed the opinion that the operators' association would agree to a conference to try to reach terms of settlement of the differences. Mr. Keith said that the operators of this part of the southwest are prepared to stand a long siege. He declared that they have big supplies of coal on hand.

SOCIAL AND CLUB MATTERS.

The following invitation has been issued: "Mrs. Edwin J. Kyle, Miss McInnis, at home, Thursday, the second day of April, 3:30 o'clock. Kitchen shower."

The following will comprise the wedding party at the approaching Bryan-McInnis wedding: Miss Malcolm McInnis, maid of honor, Mrs. E. J. Kyle, matron of honor; bride's maids: Misses Bessie Seale of Benchley; Jessie Garth, Norma Calhoun of Houston; Houston Tisser, of Selma, Ala.; Margaret Burroughs of Austin; Mr. Williams, best man.

Groomsmen: Howard Cavitt, Wilson Bradley, R. M. Alsworth of Austin, Mr. Merchant of Houston; Harvey Mitchell of Wheelock, Mr. Cameron of Wheelock, Sam Cavitt of Wheelock.

Miss Margaret Neil Graham of Mississippi; Nannie Shell Waldrop, attendants of the bride.

Miss Hettie Smith entertained the Bachelor Girls' Club on Wednesday in a unique and novel way which proved most enjoyable to her guests. This home was beautifully decorated and the rooms were all darkened and pretty white candles in candelabras burned. Bridle wreath was the only flowers used; the color scheme was in white and green. As soon as the guests had assembled the hostess gave each a dime and told them they would have to go to town and buy something for the bride; the one getting the largest package was entitled to the prize. Miss Arrie Cole was the fortunate one her purchase being a large bucket. On arrival at the Smith home from town the guests were served deviled oysters, crackers, pickles, olives and salted almonds. The Bachelor Girls decided at this meeting to give Miss Lilla Graham McInnis who is a very popular member of this club a novelty shower. Miss Lilla Graham was seated in a large arm chair decorated in white which was placed under a large pansy suspended above the folding doors, at which time a ribbon was pulled and the bride to be was showered with pretty white linen. A most appetizing course of cream and cake was served.

As a pretty compliment to her daughter, Miss Aline Rohde, Mrs. Nannie Rohde, entertained several girl friends at a beautiful birthday dinner at six o'clock on Tuesday evening. White roses and Cala Lilies were the flowers used in the library. The dining room was very handsomely decorated in red and white carnations. A cut glass vase filled with a gorgeous carnation resting on a piece of battenberg formed the center pieces of the table. Sprays of ferns and candles were the other table decorations. The menu was served in six courses. After dinner the handsome birthday cake was cut. Miss Lorraine Reynolds cut the dime, Miss Alma Robinson cut the nickel. Those who were so fortunate as to be Mrs. Rohde's guests on this occasion were Misses Welsh of Hearne, Charlie Jenkins Alma Robinson, Sadie Mawhinney, Lorraine Robinson, Sadie McWhinnery, Lorraine Reynolds, Willie McDougald, Mr. and Mrs. J. T. Maloney, Mr. and Mrs. C. M. Cole, Master Joseph Maloney.

GROCERS' NOTICE.
We, the undersigned Grocery merchants of Bryan, do hereby agree to discontinue the delivery of goods on and after April 1st, between the hours of 12 M. and 3 p. m. until October 1st. We are doing this in order to protect our delivery horses from the heat in the middle of the day, during the hot summer months. We can not see how this will inconvenience any one, and we hope that our customers will make their orders accordingly, and not ask any one of us to break our agreement. Our horses and wagons will be sent to the barns where the horses can be watered and fed. If you are compelled to have some article between the above hours we will be glad to get a street wagon and send it to you if you will pay the drayage.

Very Respectfully,
Jno. M. Lawrence & Co.,

Benediction.

METHODIST CHURCH.
Regular service at the Methodist church today. Dr. Lumpkin will speak to the Sunday school on "The Mission Work of the Church." during the session of the school. The pastor will preach at 11 o'clock, subject of sermon, "The Preeminence of Christ." Preaching at 7:45 p. m. Everybody invited. J. B. Turrentine, pastor.

J. C. Hutcheson Jr., of the law firm of Hutcheson, Campbell & Hutcheson, was here from Houston yesterday attending court. Mr. Hutcheson is a brother-in-law of Mr. A. W. Wilkerson, having married Miss Weeden, formerly of this city.
The season has been fine for grasses from which matting is made. We are showing our new line of exceptional values in China and Japanese matting from 15c to 60c a yard. Buchanan-Moore Co. 101
Milton Mitcham of Atlanta, Ga., father of Mrs. W. A. Dodson, left for Dallas yesterday after a visit to Mr. and Mrs. Dodson.

MRS. ROOSEVELT IN SOUTH

President's Lady Visits National Park Near Vicksburg.

Vicksburg, Miss., March 28.—Mrs. Theodore Roosevelt and party arrived at this city Saturday morning over the Alabama and Vicksburg railroad. The chief executive lady, her children and other members of the party were given a true southern welcome, which seemed to delight them. They were driven to the national military park, where some time was spent in visiting the

MRS. THEODORE ROOSEVELT.

many magnificent monuments to the nation's departed soldiers.

Late in the afternoon the party boarded the president's yacht, the Mayflower, which had been in the Mississippi river some days, and departed for New Orleans.

Lundy Will Recover.

Washington, March 28.—Louis Lundy the negro who was shot by Congressman Hefflin of Alabama, will recover according to the hospital authorities. The bullet entered his head above the left ear.

Preparing For Strike.

Leavenworth, Kan., March 28.—Mine operators are preparing for the coming strike of coal miners. All mine mules are being offered for sale, apparently in anticipation of a long contest.

Waterworks Deal Closed.

Denison, March 28.—The city has closed the deal for land for the new waterworks system. Consideration is \$23,000.

Prominent Georgian Dead.

Albany, Ga., March 28.—After a two days' illness A. W. Tucker, well known all over the state, died.

Men's Spring

This Season we are Strong on the in Sack Suits.

BUDDHIST TEMPLE.

Will Be First Structure of Kind in the
United States.

Seattle, Wash., March 28.—Within
the next fortnight work will begin on
what will be the only Buddhist church
in United States owned by the Budd-
hist organization. The building stand-
ing on the ground is also owned by
the society. Ground has been pur-
chased at a cost of \$6,000, and plans
have been drawn for a \$12,000 edifice.

G. Nakie, pastor of the Seattle Japa-
nese society, is in Japan, and when
he returns he will bring with him an
image of Buddha, for which a place
has been reserved in the chapel, and
which will be set up and used in the
services of the society.

Plans for the temple include a gym-
nasium, shower baths and other appar-
tus, and a dining room, library and
twenty-seven living rooms. A school
for young men will be connected in
the building, where students will be
given a general education.

Many Plague Cases.

Guayaquil, Ecuador, March 28.—
There are at present eighty-nine cases
of bubonic plague in the Laretote
here, and many others scattered
throughout the city in private houses.
The government has issued a decree
creating a committee of sanitation for
Guayaquil, and Dr. Lloyd has been put
in charge of the work of sanitation.

Tornado Does Damage.

Monmouth, Ill., March 28.—A torna-
do destroyed several residences and
barns two miles south of this city, in-
juring half dozen persons, none seri-
ously. A church in the eastern part
of the county is reported blown down.

SPURIOUS ANTIQUES.

Many Forgeries Clever Enough to De-
ceive the Experts.

In the manufacture of antiquities the
forger shows an ingenuity that is un-
limited. Furniture, prints, china, pic-
tures, plate, armor, ivory, bronze,
tapestry—all are most successfully imi-
tated. Many such imitations are, it
is true, clumsy enough, but a great
many deceive even the initiated. The
experts of national museums have been
imposed upon more than once.

The British museum bought a Palis-
sy plate for \$250. While an attendant
was handling it one of the seals at-
tached to its back, attesting its genu-
ineness, became detached, disclosing
the mark of a modern French potter.
Terra cotta figures of Isis and Osiris,
bought by the same institution for
thousands of dollars, were discovered
to be composed of modern clay. There
is one forger of antiquities whose ex-

Time Works Wonders.

"Hello, Dixon!" said Thompson

"How's things?"
"Simply swimmingly, thanks, old
chap! Couldn't be better. I was nev-
er doing so well in my life! I've got
a hundred pounds in my pocket at
this very moment."

"Good, good! I'm glad to hear it!
Delighted!"

"Yes; a hundred pounds—a hundred
pounds! You understand?"

"Yes. I congratulate you!"

"But you believe me, don't you? A
solid hundred pounds in golden sov-
ereigns in my pocket—a hundred
pounds!"

"So you said. Why do you keep re-
peating it?"

"Well, as a matter of fact, I'm testing
that story about a fellow repeating a
yarn until he comes to believe it him-
self. I expect to thoroughly convince
myself about Thursday. You might
lend me a sovereign till then, will
you?"—Pearson's Weekly.

Proof of Martian Life.

That life is in Mars is founded on no
assumption, but on massed evidence
that is conclusive, and the reader
should realize that opposition to the
idea that we now have proof of life
on Mars is not based on reason, but on
emotion, however speciously cloaked.
All scientific objections have been met,
and shown untenable as to tempera-
ture, snow, etc., but human prejudice,
as with the Copernican system or the
origin of species, time alone can dispel.
—Professor Lowell in Century.

NOTED CASE REMANDED.

Means Much to Defendant, Who Was
Sentenced to Death.

Nashville, March 28.—The supreme
court reversed the lower court in the
case of Dr. J. Herman Feist, charged
with the murder of Mrs. Rosa Man-
gram. The lower court found Feist
guilty of murder in the first degree
and sentenced him to be hanged.

The murder of Mrs. Mangram was
one of the most mysterious in the an-
nals of crime. She disappeared from
her home in this city Dec. 14, 1906, and
her body was found floating in the
Ohio river near Cairo about forty days
later. Dr. Feist was convicted on cir-
cumstantial evidence after one of the
most bitterly contested trials.

WILL ORDER MUCH.

Lehigh and New England Railroad to
Procure Considerable Supply.

Philadelphia, March 28.—Anticipat-
ing the early return of prosperity and
wishing to be prepared for largely in-
creased business with New England
markets an order for \$500,000 worth
of equipment will be placed by the
Lehigh and New England railroad com-
pany within the next few days. The
order, calling for 250 coal and 250
freight cars and three locomotives, is
the largest ever placed by this road, its
equipment heretofore having limited
to less than 300 cars.

Decision Affirmed.

Toledo, O., March 28.—The circuit
court has affirmed the decision of the
lower court in the case of twenty
prominent lumber men of Toledo who
last July were sentenced to the work-
house for six months under the Valen-
tine anti-trust law. The supreme court
having decided in the ice trust cases
that the imprisonment must be in the
county jail instead of the workhouse,
the lumber men were sent to the
lower court for re-sentence. The lum-
ber men comprise wealthy and leading
citizens of Toledo.

A. AND M. COLLEGE PROPOSALS.

By authority of the Board of Direc-
tors bids will be received in their
rooms in the Mess-Hall at nine o'clock
Wednesday June 10th, for supplying
the Mess-Hall with beef for the ses-
sion of 1908-9. Bids will be received
for the entire beef carcass, less the
liver and one-half the neck. The mini-
mum weight for a dressed carcass to
be 350 pounds. No stags or bulls to
be slaughtered. Also for choice cuts
of beef that have been inspected and
approved by a United States Govern-
ment Inspector. Grass fed beef from
the opening of the session in Septem-
ber to the first of January. Corn fed
beef from January first to close of
the session in June. The right is re-
served by the College to furnish, sub-
ject to contract price, such beef as it
may have on hand from the College
herd. Bids will also be received for
furnishing pork during the above ses-
sion with the same reservation for
the College to furnish hogs that they
may have on hand, at the contract
price. A certified check for \$500 must
accompany each bid. A bond of suf-
ficient amount will be required of the
successful bidder to compel faithful
compliance with the contract. The
right is reserved to reject any or all
bids.

L. L. McInnis,
H. H. Harrington,
Committee.

June 10, d and w.

A. AND M. COLLEGE PROPOSALS.

Bids will be received at the office of
the President up to 4 o'clock April
20th for 1,400 cords of good merchant-
able wood in minimum of 350 cords.
1050 cords to be delivered along the
side of the I. & G. N. Railroad Spur
as designated by the President of the
College. 350 cords to be delivered at
the Mess-Hall. Grade of the wood and
cording subject to approval by the
President of the College. Three-fifths
of the whole amount of each contract
of wood to be delivered by January 1,
1908; the remainder as called for by
the President of the College. A cer-
tified check for one sixth the value of
each bid must accompany such bid.
A bond of sufficient amount will be re-
quired of the successful bidder to com-
pel faithful compliance with the con-
tract. The right is reserved to re-
ject any and all bids.

L. L. McInnis,
H. H. Harrington,
Committee.
